

SIBFORD FERRIS PARISH COUNCIL

Financial Control and Internal Audit Procedure

Under the Accounts and Audits Regulations 2015, the Responsible Financial Officer (RFO) is responsible for ensuring that the Council's day-to-day finances are run properly, but it falls to Council members to exercise a proper and reasonable degree of control over financial matters.

Sibford Ferris Parish Council carries out the following ongoing internal control procedures:

1. The Clerk/RFO provides a bank reconciliation at the end of each quarter to the Internal Controls Councillor who checks and verifies the reconciliation. Bank statement values are declared on each agenda and verified at each meeting.
2. A list of payments that the clerk may make over the next year (delegated authority) without pre-approval from the council is agreed at the March or May meeting. These payments are set up via online banking, and checked against the invoice before being approved by a councillor.
3. A list of payments made since the previous meeting (under delegated authority) and payments to be made that require authorisation are listed on each agenda for approval by the council.
4. The Internal Controls Councillor (ICC), with the Clerk / RFO conducts a quarterly review of financial transactions and checks by sampling that transactions and balances are being properly recorded and reported to ensure that:
 - all anticipated income is received
 - payments are properly authorised before they are made
 - the record of receipts and payments is kept up to date
 - that a bank reconciliation is carried out at regular intervals and
 - any financial anomalies are resolved.
5. In October the Clerk reviews the financial position for the year to date and draws up a draft Budget as well as the precept demand proposed for the coming year. The Clerk ensures that the draft Budget and Precept are discussed by the Council at the November meeting and the final version agreed at either the November or January meeting, depending on the need for amendments.
6. The Clerk ensures that the Council's Financial Regulations and Risk Assessment are reviewed annually, updated if required and re-adopted by the council.
7. The Council procures Internal Audit (IA) services annually. The IA visits the Council at least once per year.
